

Los Cerritos beach

Los Cerritos beach is a beautiful six mile long crescent shaped beach on the pacific coastline of southern Baja. Los Cerritos is five miles south of Todos Santos, a quaint historical town that plays host to quality artisan shops and art galleries. Thirty miles south of Los Cerritos is Cabo San Lucas, the fifth most popular tourist destination in the world.

Los Cerritos Beach is famous for its year round surfing, swimming; whale watching, horseback riding and sunsets. Its notoriety became official as it was selected as one of the five best beaches in the world by ABC's "Good Morning America" show.
